Techvoucher.org is a service platform of GLOBAL FINTECH GROUP - the leading multinational company in e-commerce with a team of thousands of sales man operating in more than dozens of countries and territories, is committed to improving the quality of life of people around the world through its products and services.

Vision, mission

Our vision is to become a leading platform to help connect businesses with customers around the world.

Global Fintech's mission: PERFECT CONNECTION.

We aim to create a "PERFECT CONNECTION" between buyers and sellers, as well as create a great experience when using e-vouchers in the new technology era. We have always been striving to become a strong, fast, effective and "Perfect" bridge to create a "Connection" between businesses and consumers around the globe.

Our business is always driven by a mission, which is like a thread connecting us with our partner companies, customers and their social missions to improve the quality of life.

We always believe that the only way for a successful business is to contribute positively to solving the difficulties the world is facing.
